

THE TWILIGHT OWL

Ariana Tadler Paterson and Penelope Tadler, Editors

2010 Season: Issue 4, July 30-Aug. 1, 2010

Say Goodbye to July And HELLOOO to August

It's hard to believe that we are already turning the mid-Summer corner and moving into August. Where does the time go?! But no worries! Many more days await fun times on the Mountain Top.

August is often jam-packed in Twilight with lots of families planning their time away from home before the school year starts (did we just mention that? Oops!). For those who try to pack in time in August (Tadlers and Patersons included!), we are eagerly looking forward to getting to Twilight and settling in. Of course, we are also hoping for some of that good ol' country weather – warm and sunny during the day and cool in the evening. Let's keep our fingers crossed.

We hope to see many of you in August – in the meantime, stay cool!

-Ariana Tadler Paterson and Penny Tadler

Sad news...

Maybelle ("Mibs") Rosen passed away on July 14th, 2010. Surrounded by friends and family, Mibs spent her last days in North Carolina, where she had been living since 1989 with her husband, Dr. Richard J. Rosen. Many of us have fond memories of Mibs and her wonderful smile. She will be missed.

Sally Morse Maurer says...

Kudos For Blithe Spirit!!!

Blithe Spirit, Noel Coward's drawing-room classic comedy, was performed recently by the Classics @ the Point Theatre Ensemble within the informal setting of Catskill Point. Although the entire cast received well-deserved applause, the star of the show was our own Jean Walker Campbell as Madame Arcati, would-be spirited medium and tour-de-force of this delighted farce. Congratulations Jean on a terrific performance!

PS - Onteora's summer production, Noel Coward's Hay Fever, will be held at the theater. Performance dates are August 20th and August 21st. Have questions? Call Chris Cade, Director, at the Astor House 518-589-9500.

BLAST FROM THE PAST... ROLLER DERBY, ANYBODY?

Some Twilighters made a trip down the mountain to Poughkeepsie to celebrate the birthdays of Katrina Swanson Pulichene and Than Ferris and to watch **Katrina (aka Pin Up Ghoul)** in her first bout for the **ZomBSquad**. In attendance were Dave Maurer, Dave Swanson, Barbara Swanson, Joe Pulichene, Georgia Gelmis, James Underhill, Ken Swanson, Juliana Ferris, Than Ferris, Melina Fisher, Britton Fisher, Amanda Gordon Fletcher and Meg Pitts. Meg Pitts reports that all had a wonderful time and **Katrina was amazing!!!!!!!!!!!!**

Twilight's History Is Getting Organized

Twilight Archivist, Heather Althoff, has been spending lots of time in the Club House Archive - sorting and organizing Twilight papers and photos: i.e., doing whatever professional archivists do to bring order to historical material. She is continuing the work begun by Hillary Matlin last summer.

Heather is living in the Club House apartment with her husband Christopher, their four-year-old daughter, Criseyda, and 9-month-old golden retriever, Pancake.

Heather's knowledge of the field comes from a graduate degree in Library studies and information science from Pratt Institute. Archival training is part of that degree. She took these studies in night school while working for the New York Public Library during the day. Heather received her degree from Carleton College in Minnesota.

Her first job was in The New York Public Library's reference room. While working there, she took on an archival project for the Eakins Press Foundation, which consisted of researching and making an inventory of the work of writer Nora Sayre. She also has worked at Saint Joseph's College in Brooklyn updating its library. She acted as its director for several years.

The next scheduled public meeting for Twilighers will be in the Clubhouse on August 21st at 4:30pm. Twilighers are encouraged to bring their interests and any material stored away in their cottages that might be useful additions to the Twilight archives.

Our Hemlocks are in trouble...

The Hemlock Woolly Adelgid has returned with a vengeance to Twilight Park. In addition to some dead hemlocks, you've probably seen many that are beginning to look lackluster, with very little new bright green growth. If you look at the underside of the needles on the lower branches, you will see small white fuzzy spots, each about the size of the head of a pin. The white, secretion-formed substance protects the Adelgid from insecticides as well as predators. Cold winters only slowed their advance in our direction.

Much research on chemical and biological controls is being undertaken, but effective control is still a long way off. In the meantime, what can you do to save your trees?

Insecticidal soaps and oils can be applied externally, but since these can damage hemlocks during the growing season, they are best applied in late October and over the winter. Instead, Cornell Cooperative Extension of Greene County recommends that homeowners treat individual trees with a systemic poison containing imidacloprid, such as Merit.

For more information, go online to the Southern Appalachian Man and the Biosphere (SAMAB) website, (<http://www.samab.org>) and click on the Help SAMAB Save Our Hemlocks!!! link.

CHESS COMES TO TWILIGHT...

Tyler Schwartz, Chess teacher to Uma Dhar, will be visiting Twilight and offering private and group lessons on Friday, July 30th after 1pm at the Pool House. Tyler will be staying at the Gooder Cottage. All are welcome to learn or challenge Tyler!

Mother/Son Tournament

Saturday, August 7th

Tarnowski Cup

Saturday and Sunday,
August 14th and 15th

As a further reminder,

**PLEASE
BE RESPONSIBLE....**

During the recent spaghetti dinner, a number of children were left unattended while playing outside. Unfortunately, they went into the camp building and made a huge mess. The camp staff had to clean up the next morning when they arrived. Please be conscious of where your children are and what they are doing at all times. Thank you!
