

Dear Cottagers,

The Twilight Board has created an email address, twilightparkboard@gmail.com. We have designed the account so that Cottagers can post questions, comments or recommendations to the Board. The entire Board will have access to the account and we will work together as best as we are able to respond to all emails.

This is a bit of an experiment so please be patient as we sort through coordinating our response logistics. We have a bias to answering thoughtfully as opposed to quickly. We are unlikely to be monitoring this account every day but will check emails several times a week.

There are several ground rules that we believe will make this format more productive for all of us:

1. In every response to a Cottager, the responding Board member will make it clear who is responding. This email address is shared by all of the Board members. However, the response will come from the Board member with the most relevant area of liaison responsibility.
2. This is not a chat room. The preferred format is post a question or comment, receive a response and if needed, ask a clarifying question. We want to avoid running dialogues or chats. If the situation requires more intense or higher frequency interaction and can't be resolved in a few email exchanges, please speak directly to the Board member either by phone or face to face.
3. This is a Cell Tower free forum. Please do not use this email address for cell tower questions or recommendations. While the Cell Tower is certainly an important Twilight situation, we want this site to be devoted to all the other topics, issues and opportunities of Twilight Park.
