

# THE TWILIGHT OWL

Ariana Tadler Paterson and Penelope Tadler, Editors

2010 Season: Issue 6, Sept. 3-5, 2010

## HAPPY LABOR DAY WEEKEND!

It's hard to believe that it's already that time of the year — summer is quickly drawing to an end. Back to school is upon us – indeed for some, students have already returned, whether to college or in those districts where elementary and secondary schools “enjoy” an early start. For those of us who love the mountain top, summer seems to have passed by way too quickly. And yet, the summer has been one filled with lots of activities, family time, and true relaxation.

Indeed, it has been a hot, dry and sunny summer with little water in the falls ... that is until the third week in August when 12 inches of rain fell from the sky bringing life to the creeks and falls throughout the Park and encouraging the beginning of Fall. The breezes already remind us of Fall and all that we love in Twilight with the turning of the leaves, the cool evenings and fireplaces roaring ... but those days are to come.

For this weekend, at least, we hope that you will all enjoy the last bits of summer – sunbathing by the pool, walks around the park, a barbecue at the tennis house and, of course, the big Labor Day family event at the Club House with great food and fun music for all.

–Ariana Tadler Paterson and Penny Tadler

## SUMMER PROGRAM FOR KIDS

**Interested in Ensuring the Children of  
Twilight Park find Fun and Constructive  
Summer Activities in 2011?**

### READ ON AND RESPOND...

There is a group of your fellow Twilighters beginning to collect ideas and support for ways to improve the 2011 Twilight experience for all park children and teenagers potentially through:

- Continuing the current Play Group program for young children
- New program or routinely scheduled activities/ field trips for older children
- Fun Activities and help in coordinating/finding jobs for teenagers
- Coordinating community service and fund-raising projects

### Sound like something worthwhile??

Our first step is to just identify everyone who would like more information....

- those who know of children that could use these programs
- those who have ideas on things we could (or shouldn't) do
- those who would like to be involved in the planning

All we are asking for is **your e-mail** (preferably) or mailing address and **names and birthdates of children** that may be interested in any of these programs. A master list will then be used to distribute surveys to gather more detailed input and to keep you up to date on progress.

Send your name, e-mail address and names of children (any age up to 21) and their birthdates to either Laura Henson [Lspcwh@gmail.com](mailto:Lspcwh@gmail.com) or Sarah Post [spost123@aol.com](mailto:spost123@aol.com). Feel free to suggest other potentially interested people as well.

## UPDATED POOL HOURS

Due to earlier sunsets and lack of sufficient sunlight,  
the pool now  
closes at 6:30pm
