

THE TWILIGHT OWL

Ariana Tadler Paterson and Penelope Tadler, Editors

2010 Season: Issue 3, July 16-18, 2010

Greetings

The summer has gotten off to a great start. Many thanks to all who facilitated the many exciting events that brought Twilighters together during the 4th of July holiday.

The 4th of July dance was a success! Reports are that the food was tasty, the music was wonderful and the company divine! Thanks to the Board for the cocktail party, and Ron and Johna for organizing the dance.

On Sunday, there was a wonderful "light show" display put on by our very own, Andy Smith. Hanging out in the golf course with so many Twilighters brought back some great memories. Thanks, Andy!

The pool was packed on the 5th. There was lots of food at the BBQ, our now annual diving contest and some major water gun fights in the pool. Thanks to all for organizing and participating in this fun-filled extra day.

We are working on posting some pictures on the website from the 4th of July Weekend – you are encouraged to do the same!

As summer has gotten underway, it is important for all of us to remember that Twilight is a wonderful gathering place for old friends and new. It is a place of rest and relaxation, fun and rejuvenation. We also must remember that our little piece of heaven needs constant care – and for that we all must do our part. So, on that note...

Please be considerate of others, whether you are driving around the park, walking your dog, playing tennis or hanging out by the pool. Remember to obey the speed limit as there are people, especially children, blissfully walking (or if you are Melina or Jimmy or one of the Clares or Meyers, running) around the park. Dogs should be on leashes - although your dog may be friendly, not everyone loves or even likes dogs. Also, trash should not be left at the pool, clubhouse, tennis house or any other public place in the park. And don't forget to wave to passersby – that's our sign to know you are a Twilighter – it's our secret handshake☺.

PING-PONG TOURNAMENT FINALS IN PURSUIT OF THE TWELKA CUP

The finals of the ping-pong tournament between Twilight Park and Elka Park in pursuit of the famed Twelka Cup will be held on Sunday, August 1st, 2010 at 2:00 PM in the Twilight Park Clubhouse. All Twilight Park denizens are cordially invited to attend this momentous battle of Mountain Top Ping Pong Titans. Refreshments will be served (provided free by the promoters).

During the month of July, thirty-nine Twilighters (men, women and children) will be furiously participating in a ping pong ladder tournament to determine the nine finalists destined to earn the right to compete against Elka Park's nine finalists. The winning team will have its name inscribed on the vaunted Twelka Cup for posterity, along with the winning score, and will also enjoy the right to display the trophy for one year at its home Park, for all the world to see. The bragging rights that accompany a victory are incalculable!

Please join your fellow Twilighters in the Twilight Clubhouse on Sunday, August 1st, at 2:00 PM and help cheer them on to victory. There will be great ping-pong, lots of trash talking, and a surprise or two in store for attendees.

THE FIRST ANNUAL
**SUMMER
BAZAAR**

SAVE THE DATES!
JULY 23, 24

Sarah Killough-Dhar invites you to experience the recreation of a magical time in history. From the first century A.D., merchants traveled along the Great Silk Route in vast Camel Caravans, journeying from China, through North India to Istanbul and beyond. The meeting point was the Great Bazaar at Kashgar in Central Asia.

Just like Kashgar, we are bringing together a fusion of exotic goods from all over India. Whether it's the unusual and inexpensive bangles, bracelets and necklaces. Colorful silk and cotton shawls and scarves. The fashionable "Tribeca" Girls Gypsy skirts or the famous "Cashmere Kashmir" blankets in dozens of colors! But that's not all....we have paper products made out of Elephant "poo poo" paper (It doesn't smell...we swear!) fun bedding and cotton lanterns in dozens of colors. There is something fun, exciting and unique for everyone!

The Great Bazaars of Asia were not just about trading and sipping salty tea.....yuck!.....no, us Tri-Park folks.....shall be sipping exotic cocktails and offering sumptuous food tastings.

It will be Fun and Crazy and this is The Summer Event you will not want to miss!

GOOD EATS...

The Lazy Swan Restaurant
1754 Old Kings Highway
(County Route 34)
Saugerties, NY 12477
845-247-0075 Ext 3

What was once an ugly duckling of a golf course has now been transformed into a beautiful "village" of separate buildings for a restaurant, catering facility, pro shop and locker rooms.

The Lazy Swan was designed by Woodstock architect Les Walker, who has done work here in Twilight Park. The restaurant and bar, with its dark paneling and fireplaces, have a cozy clubhouse feel inside.

Outside, the broad patio, protected from the sun by a large awning, overlooks the links and the pond with -- you guessed it -- swans! The luncheon and dinner menu is comprehensive, the food delicious and the prices are reasonable.

The Ainsworths say it is definitely worth checking out!

THE CORNER HOUSE Pizza and Italian Fare

Main Street
Tannersville, NY 12485
518-589-5887

If you are looking for a reliable New York style pizza, Ariana, Carter and Decker Paterson recommend that Twilights give The Corner House (former location of good ol' Happy Days) a try. This new establishment has undergone a full makeover with a lovely bar and tables. Menu items also include various pastas, salads and heroes.

NEWS FROM THE TWILIGHT ART COMMITTEE...

The Twilight Art Committee is delighted to announce that Vincent Bilotta from Palenville, NY, an artist participant for many years in their Annual Shows, will provide discussion and a demonstration in Digital Imaging as a featured part of this year's 63rd show on Sunday, August 15 at 3pm in Twilight's Clubhouse.

In 2000, Vincent Bilotta transitioned from his work in the 90s in Manhattan doing CG visual effects for film and television to the practice of Digital Landscape Imaging. His presentation will demonstrate a two light portrait where he will capture several simple variations that he can "develop" and prepare for printing from the computer. He will also cover acquisition and post processing tools and techniques that are needed to make a satisfying print.
